City Parks will be open but playgrounds, restrooms and other park amenities will be closed to public use. To the extent individuals are using shared or outdoor spaces, they must maintain Social Distancing and minimize in-person contact with people who are not in the same household.

Nothing in this Declaration is intended to restrict "essential services" as such term is defined in Governor Abbott's Executive Order GA-14 (Order GA-14), nor is it intended to allow gatherings prohibited by Order GA-14. To the extent that the Texas Division of Emergency Management approves additions to "essential services", those additions will be treated as an Essential Business in Richland Hills. Nothing herein is intended to impose restrictions inconsistent with Order GA-14 or any other order issued by the Governor currently in effect relating to COVID-19 (a COVID Order). To the extent that this Declaration conflicts with a COVID Order, the provisions in a COVID Order prevail.¹

10. All businesses operating in Richland Hills, except Essential Businesses as defined herein, shall not allow members of the public to occupy business premises. Non-essential businesses may continue Minimum Basic Operations, as outlined below, so long as the businesses strictly adhere to the following: (1) minimize in-person contact with people who are not in the same household; (2) maintain Social Distancing; (3) utilize remote teleworking to the greatest extent possible; and (4) minimize the number of employees needed to operate at a basic level.

13. All elective medical, surgical, and dental procedures are prohibited anywhere in Richland Hills. All licensed health care professionals shall postpone all surgeries and procedures that are not immediately medically necessary to correct a serious medical condition of, or to preserve the life of, a patient who without immediate performance of the surgery or procedure would be at risk for serious adverse medical consequences or death as determined by the patient's physician. Provided, however, that this prohibition shall not apply to any procedure that, if performed in accordance with the commonly accepted standard of clinical practice, would not deplete the hospital capacity or the personal protective equipment needed to cope with the COVID-19 disaster.²
14. If someone in a household has tested positive for COVID-19, the household is ordered to isolate at home. Members of the household cannot go to work, school, or any other community function until cleared by a medical professional but may seek medical services as needed from medical personnel and facilities.
